### **Main barriers to learning**

- Low levels of engagement
- Low attendance
- Poor emotional and social wellbeing
- Lack of educational stimulus outside of school
- Low aspirations for future education and careers

### **Continuing Overall objectives based on main barriers to educational achievement**

- To enable pupils eligible for pupil premium to access the same learning opportunities as other pupils.
- To target support in basic skills, including national or accelerated progress in Maths and English.
- For Pupil Premium to attain in line with their Non Pupil Premium peers.
- To work on closer relationships with and more engagement from the families of pupils who are eligible.
- To enrich the lives of children eligible for PP funding by providing a range of after school clubs, trips and music lessons otherwise unavailable to them.

### **How we measure the effect of the pupil premium**

The effectiveness of any interventions is difficult to measure. Children receive a whole range of different experiences which affect their attainment level. At Poverest we recognise that all interventions will have an impact, however small. We measure the overall progress and attainment of all children half termly but for accountability purposes measure the overall progress and attainment at the end of one academic year. We do this for reading, writing and mathematics. Due to the Covid-19 outbreak many interventions were unable to take place or continue when children returned to school. Previous successful interventions did not have the same impact during this crisis but we intend to use them again when it is safe to do so.

### **Review of the school's pupil premium strategy**

At Poverest we are reviewing interventions every half term so we can make adaptations quickly if required. Our overall review of the provision we provide is held in July of every school year, once the final attainment results have been received. This review is conducted by all members of the senior leadership team. The next Pupil Premium Strategy Review will be in July 2021.

**Pupil Premium (PP) compared to Non Pupil Premium (NPP) data (2019/2020 End of Year) All data includes our autistic provision**

All data in percentages – Overall Results much lower than usual due to Covid-19

**Year 1**

There is a big difference between the two groups. PP children achieving much lower than Non PP. This is a similar pattern in our school and it takes time, often years, to raise the PP attainment.

	2019 – 2020	
	Non –Pupil Premium	Pupil Premium
	Expected Attainment	
Writing	36	6
Reading	49	13
Maths	36	6

## Year 2

	2019 – 2020	
	Non –Pupil Premium	Pupil Premium
	Expected Attainment	
Writing	51	35
Reading	51	35
Maths	59	30

The PP group did achieve well with the extra support up to the lockdown, however it was down compared to the Non-PP group.

## Year 3

	2019 – 2020	
	Non –Pupil Premium	Pupil Premium
	Expected Attainment	
Writing	8	7
Reading	31	33
Maths	22	7

Reading scores were approximately even but PP children did not achieve as well in writing and maths.

## Year 4

	2019 – 2020	
	Non –Pupil Premium	Pupil Premium
	Expected Attainment	
Writing	20	15
Reading	43	20
Maths	40	25

Writing attainment was similar but reading and maths were significantly lower.

## Year 5

	2019 – 2020	
	Non –Pupil Premium	Pupil Premium
	Expected Attainment	

There are similar results in reading and maths but writing was significantly lower.

Writing	33	10
Reading	44	35
Maths	47	35

## Year 6

	2019 – 2020	
	Non –Pupil Premium	Pupil Premium
	Expected Attainment	
Writing	80	56
Reading	90	66
Maths	80	89

The pupil premium group did particularly well in their mathematics.
