## Parents and Guardians

19 April 2024

Dear Parents and Guardians

I am delighted to be able to share our recent Ofsted inspection report with you. We received a Section 8 inspection which is not a change in grade inspection. The report is a wonderful account of our school and the dedication that goes into ensuring your children are provided the very best education both academically and pastorally.

We are aware that our attendance and the percentage of children passing their SATs at the end of year 6 needs to increase. We are all working very hard to ensure this happens. More of our children need to remember more and with a shared partnership in educating our children, we can all attain that goal. We have worked hard to promote reading this year, as we know that children who are not reading at their reading age very rarely pass their tests. If we all continue to support our children with their reading, spelling, multiplication tables and number facts we can ensure that all our children achieve the expected standard by the time they leave primary education. We will ensure our approaches to teaching reading are consistent and this includes the teaching of early reading through phonics.

I wish to thank all the staff for their dedication to our school as without this our report would not be as glowing as it is. I also wish to thank all of you who responded to our Parent View survey for Ofsted, it was overwhelmingly positive and this was heavily recognised by the inspectors.

We are all proud at Poverest and I am very proud of our school and this report.

Yours faithfully

**Mr P Haylock**  
Headteacher

*Poverest Primary School are committed to the safeguarding and welfare of their pupils*
