

Music

Music is taught by a teacher from BYMT weekly.

The children will continue to learn to play the ukulele. In addition to this, there will also be singing assemblies as well as composing and listening sessions.

Computing

We will be using our Chromebooks for our computing lessons to learn more about computational thinking and data handling.

Science

We will learn about animals and how to classify them into different groups based on a variety of characteristics. We will also learn more about their habitats and how animals adapt to survive.

Spanish

This term we will learn a variety of Spanish words, phrases and sentences related to the weather, as well as the Rainforest.

RE

This term we will be learning about the language of scripture which is used in a variety of religions, and why this is significant. We will also discuss the impact of translations on scripture.

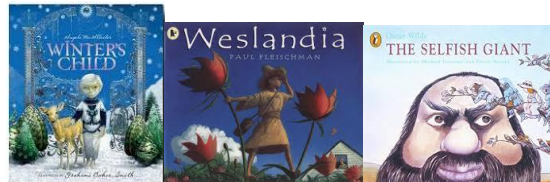

Year 4 Summer Term

**PE is every Monday and Friday.
Please bring in reading books every day. Homework is due on Thursdays and new homework will be given every Friday. You can also choose to do homework from the Pick 'n' Mix Menu whenever you'd like to.**

English

Our core texts for this term are Winter's Child, Weslandia, The Selfish Giant, Jabberwocky and Charlie and the Chocolate Factory.

PE

This term we will be doing Gymnastics and Cricket.

PSHE

Our PSHE topic this term is *Economic Well-being*. We will learn practical ways to manage money. We will also do some lessons to help with the transition into Year 5 towards the end of the term.

Geography

In Geography, our two topics will be *Rivers* and *Rainforests*. We will learn about how rivers are formed and where they can be found, as well as where the tropical Rainforests are, who lives there and how they are changing.

Art

In Art, we are going to be exploring patterns through craft and design techniques, finishing by designing our own fabric patterns.

Design and Technology

In Design and Technology we will be designing and making our own slingshot cars.

Maths

This term, we will learn about Decimals, Money, Time, Shape, Statistics, Position and Direction, as well as doing some revision of everything we have learned this year. The children will also complete their Times Table test in June.
