

YEAR 6 CREATIVE CURRICULUM EARTH MATTERS

Welcome to Year 6

During autumn term, Oak class will focus their learning around 'Earth Matters'. This will include learning about Climate, Mountains, Volcanoes and Earthquakes.

In Geography the children will learn to use various types of maps, describe physical geography including geology of mountain ranges and volcanoes.

In maths we will be looking at numbers, place value, mental and written methods for addition, subtraction, multiplication and division, measurement and properties of shapes.

In English we will be studying a version of Shakespeare's Macbeth, Holes and The Highway Man.

In science we are studying Animals including Humans and Light.

Christianity and Christmas will be our RE focus, whilst thinking of rights and responsibilities in PSHE.

Accelerated Reader Programme:

As part of the Accelerated Reader Programme that is being used across the school, children should read for at least 20 minutes every day at home. Every book that is completed is tested and the children are able to progress through the different levels at their own pace.

Home Learning:

English and Maths homework will be given out on Fridays. It will be due in the following Thursday. If the children have difficulty understanding the homework over the weekend they then have time to seek further information from us before it is due in.

Spellings will also be given out on a Friday and tested the following Friday.

Children should also continue to learn their times tables as T-team challenge will be continuing across the whole school.

Children have free online access to PurpleMash, TT-Rock Stars, Read theory and Spellingshed.

PE:

Year 6 will have PE on a Thursday, but please ensure the correct PE Kit is in school all week as other PE based activities may occur on other days.

It is essential that your child has the correct kit, which is black/blue shorts, white T- shirt and trainers/plimsolls.
